

İSTANBUL ANALYSIS SEMINARS

RESIDUAL QUOTIENTS

Robin HARTE

Trinity College Dublin
School of Mathematics

Abstract: Residual quotients participate in an algebra of ideals, particularly in commutative rings, in several variable spectral theory, and in approximation theory.

Date: May 15, 2015

Time: 15:40

Place: Sabancı University, Karaköy Communication Center
Bankalar Caddesi 2, Karaköy 34420, İstanbul

İstanbul Analysis Seminars is supported by TÜBİTAK.
