

3rd CONFERENCE on Operator Algebras & Applications

1-5 November 2011

Organized by

The Faculty of Sciences & Techniques of SETTAT

Main topics

C-algebras*

Von Neuman algebra

Operator Theory

Noncommutative Harmonic Analysis

Noncommutative probability

Mathematical physics

List of Speakers

Mohammed Akkar (University Bordeaux, France)
Ahmed Al-Rawashdeh (United Arab Emirates University)
Huzihiro Araki (Kyoto University, Japan)
Pere Ara (Universitat Autònoma de Barcelona, Spain)
Joseph Ball (Virginia Tech University, USA)
Viacheslav Belavkin (University Nottingham, UK)
Marek Bozejko (University of Wrocław, Poland)
Abdelhamid Boussejra (University Ibn Tofail, Morocco)
Victor Bovdi (University of Debrecen, Hungary)
Nathaniel P. Brown (The Pennsylvania State University, USA)
Joachim Cuntz (University of Münster, Germany)
Raul Curto (University of Iowa, USA)
El Houcein El Abdelaoui (University Rouan, France)
David Evans (Cardiff University, UK)
Jean Esterle (University of Bordeaux I, France)
Yasuyuki Kawahigashi (University of Tokyo, Japan)
David Kerr (Texas A&M University, USA)
Bartosz Kwasniewski (University of Białystok, Poland)
Nobuaki Obata (University of Tohoku, Japan)
Mostafa Mbekhta (University of Lille, France)
Mohammad Sal Moslehian (Ferdowsi University of Mashhad, Iran)
Zouhair Mouayn (University Sultan Moulay Slimane, Morocco)
Jean Renault (University Orleans, France)
Carlos Rocha (IST Lisbon, Portugal)
Vladimir Peller (Michigan State University, USA)
Paulo Pinto (IST Lisbon, Portugal)
Alexei Pirkovskii (National Research University, Russia)
Mohamed A. Salim (United Arab Emirates University)
Ilya Spitkovsky (College of William & Mary of Williamsburg, USA)
Janusz Wysoczański (University of Wrocław, Poland)

The venue of the conference is Hotel Ryad Mogador Kasbah in Marrakech.
