

İSTANBUL ANALYSIS SEMINARS

PICARD THEOREMS, 1879-2014

Lawrence ZALCMAN

Bar-Ilan University
Department of Mathematics

Abstract: A bird's-eye view of the mathematics surrounding the Picard Theorems (Great and Small) and their close relative, Montel's Theorem, over the past $1\frac{1}{3}$ centuries, with an emphasis on recent progress.

Date: May 30, 2014

Time: 15:40

Place: Sabancı University, Karaköy Communication Center
Bankalar Caddesi 2, Karaköy 34420, İstanbul
